Profile Summary

Motivated and detail-oriented Computer Science graduate with strong skills in java, python, SQL. Passionate about problem-solving and emerging technologies, eager to contribute innovative solutions while continuously learning and collaborating in dynamic environments.

Education

- | | |
|---|----------------------------------|
| • Malla Reddy Institute of Technology and Science
B.Tech in Computer Science Engineering (Data Science) | 2021 – 2025
CGPA: 7.43 |
| • Sri Gayatri Junior College
Higher Secondary(Intermediate) | 2019 – 2021
93% |
| • Leela Cocept School
SSC(Class Xth) | 2018 – 2019
92% |

Technical Skills

- **Programming Languages:** Python, Core Java, SQL
- **Web Technologies:** HTML5, CSS, JavaScript
- **Database:** MySQL, Oracle SQL
- **Frameworks:** Django, Selenium Web Driver
- **Tools & Platforms:** VS Code, Excel, Word, PowerPoint
- **Core Competencies:** Data Structures & Algorithms, Object-Oriented Programming, DBMS, Software Development Life Cycle(SDLC), Software Testing

Projects

- **Finding Posts Associated with Suicide in Twitter Data Streams**

This project focuses on identifying individuals at risk of suicide. Built a **sentiment analysis** model using **CNN and Random Forest** to detect suicide-related content. Created a **Tkinter**-based interface for real-time alerts to help identify individuals at risk.

- **Exploratory Data Analysis (EDA) of Retail Sales and Marketing Trends**

Cleaned and studied sales data to find seasonal trends and differences between regions. Analyzed how discounts and marketing affected profits and which channels worked best. Turned data results into simple insights using Excel to help improve pricing and stock decisions.

- **Protecting Vaccine Safety Improved Blockchain-Based Storage Efficient Scheme**

This approach eliminates counterfeit vaccines, reduces storage inefficiencies, and ensures secure access to verified records for manufacturers, healthcare providers, and regulatory bodies. Designed a **Blockchain framework** for transaction hashing and block linking using **SHA-256**. Reduced data tampering risks and improved transparency using **MySQL backend and web interface**.

Extracurricular & Certifications

- **JPMorganChase Software Engineering Job Simulation on Forage** – Internship focused on software engineering virtual experience.
- **Virtual Internship program in Data Science** – Bharat Intern
- **Machine Learning**– NPTEL
- **Data Analysis** – Pluto Academy
- **Common Aptitude Test** – ICAT

Achievements

- Secured a global rank of **6817** in Codevita Hackathon.
- Awarded **Academic Best Performer** in A.Y. 2021-2022
