EDUCATION

Malla Reddy Institute of Technology and Sciences

June 2026

B.Tech, CSE(Artificial Intelligence and Machine Learning)

Current GPA: 8.50

SKILLS

Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, JavaScript, Node.js, REST APIs, Git, Bash

Frameworks & Libraries: React.js, Express.js, Numpy, Pandas, Scikit-learn

Database Systems: MongoDB, MySQL

Coursework: Data Structures and Algorithms, Object Oriented Programming in JAVA, Operating Systems, Database Management Systems, Machine Learning, Computer Networks.

WORK EXPERIENCE

Frontend Web Developer – Outlier AI – *Html, Css, JavaScript, React*

March 25 – July 2025

- Working as a Freelance Web Developer, I Developed **responsive and dynamic user interfaces** using **React**, improving overall **performance** and **usability**.
- Collaborated with the design team to **enhance UI/UX**, leading to a smoother **user experience** and better engagement.

PROJECTS

Voci – *Html, Css, Javascript, MongoDB, Node.js, Express.js, Jwt Authentication* – [Live Link](#)

March 25 - May 25

- Developed a full-stack blogging platform that allows users to register, log in, create, search, and publish blog posts in a clean and distraction-free interface, using HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, and JWT-based authentication for secure user access.
- Implemented user authentication, protected routes, CRUD operations for posts and comments, keyword-based search functionality, and cloud-based deployment using MongoDB Atlas, Render, and Netlify, ensuring scalability, security, and smooth user experience.

Agro-Connect – *React.js, Node.js, Express.js, MongoDB, Jwt Authentication* – Team Size: 4 – [Github](#)

July 25 – August 25

- Developed a full-stack web application enabling farmers to list crops (price in ₹/kg, district, organic/inorganic, minimum order quantity) and wholesalers to search, filter, and buy crops directly, using **React.js, Node.js, Express.js, MongoDB, TailwindCSS, and JWT for secure authentication**, reducing middlemen and improving agricultural market efficiency.
- Implemented role-based dashboards with **CRUD operations**, cart system, admin user approval workflows, buy request notifications, and **real-time analytics**, enhancing **usability** and platform management for farmers, wholesalers, and admins.

ACHIEVEMENTS

- Ranked in **top 3.1%** out of **4.6 lakh+ participants** in the Naukri **AINCAT 2025**
- Solved over **200 questions** on Platforms like , HackerRank, Codechef, LeetCode, and Codeforces
- Got Selected for **SIH** (Smart India Hackathon) at College Level.

Certifications

- Earned **Harvard CS50 Certificate** in computer science fundamentals and programming.
- Earned **The Complete 2024 Web Development Bootcamp** by Udemy
- Earned DSA with **Java** and System Design from PW Skills
